EXPERIENCE

KALI ACADEMY - *https://github.com/kaliacad/*

Mars 2024 - August 2024

Worked as a Frontend Web Developer Intern at Kali Academy, contributing to open source through events like Wishathon and Wikidata Level Up Days 2024, enhancing the Emingi app, learning Linux and Git workflows, and building a Wikidata AI-powered query project using SPARQL.

TANTOR, Rhônes, France - *Frontend Web Developer*

April 2025 - PRESENT

I've been working as a Frontend Web Developer, building responsive web interfaces for Tantor Learning by transforming Figma designs into functional, production-ready frontends integrated with backend APIs.
